

TWO BLUE TRIBUNE

The official organ of the Newtown and Chilwell Cricket Club since 1973.

November 21, 2012 Vol.40 No.4 www.two-blues.com.au

WHERE WE ARE by Bryan Thomas

So, you think things are good, even pretty good.

Well even it was true, good, even pretty good, is not what this club is about.

If you were at the opening of the new nets in October, you'd know what this club is about is GREAT, all in capitals.

The Platinum Era.

Think about that, eight grand finals in a row, six premierships.

Not eight minutes in a row, or even eight days. EIGHT YEARS.

I won't mention individuals, because individuals don't create eras like that.

Teams do. GREAT TEAMS.

So, where we are, hey we're okay, even occasionally verging on good, at the moment.

Things are going okay off the field with a lot of good people rallying around the new president. Well done him, well done them.

Things are going okay on the field. But mostly only okay.

And only okay isn't what I'm about.

Historically, it is not what Newtown and Chilwell Cricket Club is about.

And it is not what you should be about.

So if anyone out there need reminding that we have only just started on a journey that will take time to arrive to a position that then allows us to then re-set goals and objectives for future successes....

If you were there on October 28th, you would have heard what made the Platinum Era great.

Training sessions that were as fierce as the games on Saturday.

Fielding that gave the bowlers the confidence that if they gained the false shot, the batsman would be out.

And unconditional commitment to each other.

I look at us and we're trying, a lot of us are really trying to get there.

But we're not anywhere near where we want to be yet, not by a long way.

So, if you're wondering, that's where we are.

Okay?

Thirds, Fourths and Fifths keep flag flying

There was some compensation for the losses in the First and Seconds with fine victories to the Thirds, Fourths and Fifths.

In the Ones, it was close but no cigar from both a team and an individual perspective.

Jack Wood missed out on a well-deserved century by a miserable two runs.

There were other solid batting performances, but not enough climb to the mountain Peake, so to speak.

In the Seconds, the solid batting performances came way down the list, gaining some respectability, but again not the six points.

Darcy Del Rio turned in the star performance in the Thirds in a tight finish. Get some sprigs Darc.

In the Fourths, a very even bowling performance won the day after a strong team batting performance headed by the Skipper.

The World Series Fifths were too strong for South Barwon. Nice to see Joe Rutherford back making runs and taking wickets. And well done Windy on an 89 n/o.

Another familiar face it is great to see on the field and on the balcony.

The two Sixths sides both suffered losses.

Navy had the honour to feature its fourth Father/Son combination of the year, bringing First XI premiership player Scott Hucker back into the fold with his son Jordan.

In cricket, as in life, the little things are the big things.

FEATURED SPONSOR -
TRANSPORT FINANCE
- Major sponsor of NCCC

Our featured sponsor this issue is Transport Finance and our great friend Brett Bentley.

The trusted name in finance, Transport Finance has been providing finance solutions to Australian businesses since 1995.

Today, the company provides finance for all business and personal needs, including plant and equipment, debt restructuring, home loans, commercial loans – in fact we can arrange finance for everything from a truck to a car to a crane or even a computer or a boat.

As a result Transport Finance is one of the largest transport and general broking companies in Australia.

Through Brett Bentley, the company has been a major supporter of our club for many years.

Transport Finance sponsored two major coaching activities when we brought former Australia A wicketkeeper Mark Atkinson and his team to the club.

Brett has served in many roles within the club, including coach.

Currently he runs a great little extra to our treasury, the Two Bluetonians and by extension one of our more pleasurable social functions.

As a player, Brett has 140 games and one premiership to his credit, the famous one-day final victory over Grovedale.

This summer he says he has retired and is quick to remind of that anyone who asks him to have a game.

But he remains very active in the field of trusted finance, so if you want to buy a new car, boat, or even a crane (Di Crane might be interested there), Brett Bentley is your man.

Next edition, we will feature the Gold Diggers Arms Hotel in Newtown.....

**TEST UMPIRE URGES GEELONG LOCALS
TO TAKE UP UMPIRING**

The Newtown and Chilwell Cricket Club is assisting the Geelong Cricket Umpires Association to recruit umpires for the current season.

If you're no longer playing, or know someone who is no longer playing, who could be umpiring, make them aware of the words of international umpire and former Sheffield Shield captain, Rod Tucker.

"When I finished playing I thought that was as far as my on-field involvement in cricket went," said Tucker.

"When I took up umpiring, I discovered a whole new way to play an important part in the game.

"Umpiring is highly rewarding. It requires the same high level of discipline and decision making as playing.

"I urge former players in the Geelong region to consider taking up the challenge."

Umpiring can also be financially rewarding, as much as \$100 TAX FREE for an afternoon's work.

For further information, contact the president of the GCUA, Greg Illingworth on 0414396877 or visit the website: gcuu.org.au.

Defibrillator

For everyone to know, we have a Portable Defibrillator located in the Time Keepers' room on the ground level.

N&CCC strongly recommends that you are familiar with both the location of the device and how it can save a life by its use.

View of defibrillator electrode position and placement.

Defibrillation is a common treatment for life-threatening [cardiac dysrhythmias](#), [ventricular fibrillation](#), and pulseless [ventricular tachycardia](#).

Defibrillation consists of delivering a therapeutic dose of electrical energy to the affected heart with a device called a **defibrillator**.

This depolarizes a critical mass of the heart muscle, terminates the dysrhythmia, and allows [normal sinus rhythm](#) to be reestablished by the body's [natural pacemaker](#), in the [sinoatrial node](#) of the heart.

Defibrillators can be external, transvenous, or [implanted](#), depending on the type of device used or needed.

Some external units, known as [automated external defibrillators](#) (AEDs), automate the diagnosis of treatable rhythms, meaning that lay responders or bystanders are able to use them successfully with little, or in some cases no training at all.
